

THE MYSTIC AND THE MOON-WOMAN: A CASE STUDY IN 17TH-CENTURY RELIGIOUS EXPERIENCE

**ONE JULY EVENING IN 1683, THE NOTORIOUS KABBALISTIC
MAGUS, THEOLOGIAN, AND CULT LEADER ABRAHAM
CARDOZO STEPPED OUTSIDE HIS HOUSE AND LOOKED AT THE
MOON. THE RESULT WAS A SEDUCTIVE, TERRIFYING VISION
THAT SHOOK CARDOZO'S FAITH AND NEARLY COST HIM HIS
LIFE. USING THE TOOLS OF ART HISTORY AND DEPTH
PSYCHOLOGY, WE'LL LOOK WITH CARDOZO'S EYES INTO THE
SKIES OVER THE DARDANELLES, AND SEE FOR OURSELVES
SOMETHING OF WHAT HE SAW THERE.**
